

Petite Sirah

v. 2018

ABOUT THE BRAND

For generations, these vines have stood up to the sun and rain, each year producing grapes that capture the essence of the soil surrounding them. Their mature nature allows them to withstand drought, ripen more evenly, and have more intense, concentrated flavors. Our family has farmed these grapes for five generations and we are honored to think of them as part of the family.

TASTING NOTES

A dark, inky color with aromas of blackberry and violet. Flavors of currants and plum abound, with a touch of dark chocolate. Spicy oak notes round out the finish on this well-structured wine.

FERMENTATION & AGING

This wine was fermented for the maximum extraction of structure and color while maintaining the expressive fruit. Aged for eight months in a combination of high and medium toast French Oak to add to the wine's complexity and depth.

TECH DATA

Alcohol: 13.5% | pH: 3.67 | Total Acidity: 5.6g/L
